### REAL SILK BROADWAY

So are the woven Silks. Your fortune is to find a merchant who was thoughtful enough to gather a stock when prices were low and who is liberal enough to let you have the goods without extra profit. Nothing like the silk selling we did here last week. We're ready with newer goods for greater results this week.

Those pure dye Black Silks—Taffetas, Grains, Satin Duchesses, Failles, Peau de Soies, etc., are still in grand supply.  
Here are also exclusive lines of black Brocade Satins and Gros Grains, 20 in., many designs, 75c, usually \$1; same, 22 in., new and exclusive, 95c instead of \$1.25. In every way as cheap accordingly as the lines at \$1.25, \$1.50, \$1.75 to \$3. Mostly designed to our own order.  
New black Moire Antiques for capes, 95c to \$1.50. A long counter is filled with manufacturers' ends and dress lengths of fine black silks much under price.

### GIANT POLICEMAN IN THE WEST.

This does not disconcert McKenzie, who is still growing, and hopes by the time he is a year older to have disconcerted Anderson.

McKenzie was twenty-six years of age his last birthday. He came from Huron county, Ontario, and now measures precisely 6 feet 10 1/2 inches in height and weighs 257 pounds and 3 ounces. He is a remarkably well-built man, and one does not notice his great height until he stands near a man of the ordinary size, when the latter
